

Tapestry

Tapestry is our new online assessment tool.

Observations

In EYFS there are different ways to observe our children
Short observations- incidental learning

Photographs- Showing the children in action during learning

Longer Observations- Writing up a period of time spent with a child at an activity noting what they say, do, their interactions, vocabulary

A piece of work your child has produced

Linking the observations

Once your child has been observed with photograph and/or written observation, we then link it to some statements that you will see when you log on.

Areas of Learning:

- Personal, Social, Emotional development
- Physical development
- Communication and Language
- Literacy
- Mathematics
- Understanding the World
- Expressive Arts and Design

- You will be invited to join Tapestry, you will then be able to view your child's profile and learn about your child's experiences, development and progress.
- This is a great opportunity for you to look at the photographs with your child and encourage them to talk about their experiences in school.

Tell us what your children get up to at home, for example....

1. popcorn 
2. shoes 
3. big pot 
4. egg for bicent

Consent Form

All of our families sign a consent form as the images we share of the learning taking place, must not be shared on social media.

Agreed guidelines for accessing and using Tapestry 'Online Learning Journeys'

As a parent I will..

Not publish any of my child's observations, photographs or videos on any social media site.

Send only positive feedback on a reply to an observation.

Keep the login details within my trusted family.

Speak to a member of staff if I experience any difficulties accessing my child's learning journey.

I agree to the guidelines:

Print name: _____

Name of child: _____

Signature: _____ Date: _____

Email: _____
